

TECHNICAL SPECIFICATIONS

- Diameter: 74 mm / 2,91"
- Height: 147,3 mm / 5,80"
- Weight: 28,5 g (±2) / 0,063 lbs

CONSTRUCTION MATERIALS

- High-strength polyamide reinforced with fiberglass.

FEATURES

Custom Race X is the latest evolution in Elite's iconic Custom Race bottle cage series: with a weight of just **28.5 g / 0,063 lbs**, it is **35% lighter** than its predecessor.

Designed with a **lowered profile** to facilitate the **side insertion of the water bottle** on **mountain bikes and gravel bikes** with compact main triangles, the new design also ensures a **solid grip of the bottle at the base**, eliminating vibrations during rides. The **elongated front area** enhances adaptability and convenience during the insertion of the water bottle while in motion.

WHAT SETS IT APART

LIGHTER THAN EVER

The **Custom Race X** ushers in a new era for Elite's Custom Race bottle cage series, with a **weight of just 28.5 g** making it **35% lighter** than the previous model.

EASY SIDE INSERTION

A key feature of the new **Custom Race X** is the **lowered profile** that facilitates **side insertion of the water bottle** on mountain bikes and gravel bikes with compact main triangles. The new design also ensures a **solid grip of the bottle at the base**, effectively eliminating vibrations during rides.

FLEXIBLE FRONT AREA

The **elongated front area** enhances the accommodation of the bottle, improving the **structure's adaptability during bottle insertion** while in motion. Lightweight and durable, the **Custom Race X** is the perfect bottle cage for your **road and off-road adventures**, providing maximum bottle grip along with easy insertion and removal, even while on the move.

PERFECT FOR EVERY BIKE AND BOTTLE

Available in a **variety of colors** to perfectly match your bike, the **Custom Race X** has a **standard diameter of 74 mm**, making it

compatible with most sports water bottles on the market.

SHOCK AND VIBRATION RESISTANT

The **high-strength polyamide structure**, reinforced with fiberglass for greater durability on rough terrains and weather resistance, ensures an extremely long product life.

PATENTED DESIGN

The patented design optimizes the bottle retention capabilities even in particularly severe conditions and allows for **ergonomic and easy bottle insertion/extraction**.
